WAR IN SIGHT.

Venezuelan Troops Ready For Struggle With Colombia.

Willemstad, Island of Curacao, Sept. 14.—From every section of Venezuela troops were sent last week in the direction of the Colombian frontier and toward Maracaibo. Mauser rifles, artillery and ammunition in great quantities have been stored at Maracaibo, and seven new bridges have been built near San Cristobal, near the frontier of Colombia, to allow of the rapid concentration of troops. President Castro has ordered the governor of each state in Venezuela to send two battalions within two weeks.

A leading Venezuelan citizen who is now here, in an interview regarding these military movements in Venezuela, said he believed these were only precautionary measures regarding Colombia which, now the country is free from revolution, has reinforced recently its army on the Venezuelan frontier near Cucuta. Venezuelans say a Venezuelan war with Colombia is inevitable in the near future as a consequence of the sympathy President Castro extended to the Colombian rebels during the recent rebellion and also because of the question of navigation on the Orinoco. President Castro's great idea, they say, is a war with Colombia.

POLICEMAN'S DEATH.

Shot by One of Men Who Held Up Seat in Saloon.

Seattle, Sept. 14.—Patrolman Albert C. Schaneman, of the Seattle police force, was shot at five minutes before midnight on Occidental avenue, between Main and Jackson streets, by William S. Thomas, one of the three men who held up the Villard house saloon at midnight Saturday.

Thomas, after trying to make his escape, was shot down on First avenue south just below Jackson street by Patrolman Gilman T. Philbrick. His injury consists of a bullet in his back. He was taken to the police station, where he was examined by Drs. Buckley, Taylor, Hoye and Willis. His wounds are not serious.

Schaneman was taken in the patrol wagon to the police station, where he was placed on the table in the patrolman's room. He was never conscious, and died at 12:17 a. m.

It is announced that Charles Joseph Bonaparte has accepted the invitation of United States Secretary Hitchcock to take charge of the investigation of certain Indian territory affairs and officials under the jurisdiction of the interior department.

CANADA'S SIDE OF BOUNDARY QUESTION

ARGUMENTS COMMENCED BEFORE COMMISSIONERS

Attorney-General Finlay Presents Case for the Dominion—Some Points of Address.

(Associated Press.)

London, Sept. 15.—The Alaskan boundary commission reassembled in the foreign office to-day, and the oral arguments began. Only a few spectators, including the wives of the commissioners and of counsel, were present when Attorney-General Finlay rose and commenced the presentation of the Canadian argument.

It was evident that the commissioners at first were not deeply interested in the Attorney-General's statement. Having considered the documents already prepared the commissioners felt that they were as familiar with these facts as any of the counsel. The arguments were more for the purpose of removing any doubts which counsel felt may exist in the minds of the members of the tribunal.

The agents of the governments, however, sitting on either side of the blue covered table behind which the commissioners sat, and counsel occupying the desk in the centre of the chamber, followed the Attorney-General's address with the closest attention.

Wide Attorney-General Finlay was speaking Chief Justice-Finlay, accompanied by Ambassador Choate, entered the chamber. They were conducted to a table directly facing the commissioners.

The Attorney-General briefly described the historical aspect of the question, and took up the treaty under which the commission was appointed. He then presented the Canadian contention, each point of which has already been stated in the argument of Hon. Clifford Sifton, the Canadian Minister of the Interior, and urged the commissioners to strictly confine themselves in considering the question as to the terms of the controversy between Great Britain and Russia of 1825, and not to depart therefrom. The interest of the commissioners grew as Attorney-General Finlay proceeded with his analytic study of the question.

Speaking of the location of the line along the coast from the head of Portland Channel as fixed by the treaty, the Attorney-General pointed out that the report of the United States coast survey in 1896 showed that the Washington government held the view that the line should follow the "general trend of the coast," which supports the Canadian contention.

The attorney-general went on at such a length that Lord Alverstone reminded him that the tribunal was familiar with the documents in the case, and suggested that he simply cite the pages and volumes on which his references were founded.

After luncheon Attorney-General Finlay, who had previously laid much stress on the contention that the United States boundary line was drawn "in contemplation of the future," resumed his argument.

The meeting of the commission to-day ended shortly after 4 o'clock. Attorney-General Finlay to-morrow will resume the presentation of the Canadian case.

SIR THOMAS IN CHICAGO.

Chicago, Sept. 15.—Sir Thomas Lipton arrived here to-day accompanied by Col. Neil, the well-known yachting expert, who accompanied the baronet to this country, and Capt. Valentine Webster, of the British army. Sir Thomas will spend much of the time here in looking over his business interests and visiting friends. The one formal event arranged in his honor is a dinner to-night at the Chicago Athletic Association, to which forty guests have been invited.

Shortly after his arrival Sir Thomas Lipton became ill with indigestion at his apartments in the auditorium annex, and it was found necessary to abandon all plans for entertaining the baronet to-day. His illness is not serious.

CANAL TREATY.

Members of Colombian House of Representatives Now Favor Measure.

Bogota, Colombia, Sept. 14.—A reaction in favor of the canal treaty has occurred in the House of Representatives, but the senate is still opposed to it.

General Pinto has left Cauca to take charge of the military of the interior. General Sarria leaves here on September 20th to take command of the forces on the isthmus.

The minister of Costa Rica has arrived at Bogota on a special mission to arrange the frontier limits. He will present his credentials this week.

MANY WRECKED.

Havana, Sept. 15.—The captain of the steamer Vigilante, which has arrived here, reports many wrecks sighted on the Florida coast.

BRITISH CABINET.

Another Meeting of the Ministers Held in London.

(Associated Press.)

London, Sept. 15.—In anticipation of to-day's cabinet meeting spectators gathered early in Downing street, evincing the suspense which prevailed in all quarters, and which has been heightened if anything since yesterday.

The St. James Gazette says: "We can confidently affirm that the final decision on the fiscal question was not arrived at yesterday. The discussion may or may not be resumed this afternoon, the meeting being called to discuss other matters, but we have no hesitation in saying that further consideration will take place before the government comes to a definite conclusion on the fiscal issue. If Mr. Chamberlain's proposals are not accepted he will resign his seat in the cabinet."

The cabinet met at 3 p.m. and the sitting ended at 4.30. Colonial Secretary Chamberlain entered the foreign office by a passage from the Colonial office and consequently was not seen by the public which to-day made no demonstration.

A NEW CONSTABLE.

Police Commissioners Made an Appointment to the Force To-day.

The board of police commissioners appointed a constable in place of Constable Jos. Northcott this morning. Six or seven applications had been received, that of Wm. Best being accepted. The successful applicant is a splendid specimen of manhood. He is thirty-five years of age, five feet eleven inches in height and weighs 185 pounds.

He has been in the employ of the E. & N. Railway Company over three years ago, and submitted highly favorable references from leading officials of the company. He came here about four years ago. He has had the advantage of eleven years' experience in the service, having been a member of the Royal Marine Artillery for that time. He is a married man and lives in Victoria West. All who know the latest addition to the police force commend the choice of the commissioners as a very wise one.

NOTED EDUCATIONALISTS.

Professors London and McLennan Are Delighted With Their Visit to Victoria.

Prof. London, president of Toronto University, and one of the most noted educationalists in the Dominion of Canada, accompanied by Prof. McLennan, the secretary of the Alumni Association, are leaving this evening after a very pleasant visit to British Columbia. The object of the trip to the West has been undertaken with the object in view of extending the range of that institution's work.

Incidentally Prof. McLennan has been looking after the more thorough organization of the graduates of the university in the West. With this object in view a division has been made of the associations in British Columbia. Last evening at Vancouver Island. Another will be organized with Vancouver as a centre, and another in the up country. At Calgary and Winnipeg similar associations were formed, and it is the intention to effect another at Spokane, where many graduates of the Toronto University have made their home.

The federation scheme by which many of the universities in Ontario joined forces with the provincial institution, thus affording exceptional advantages in the way of concentrating the work of the various colleges, has led to the desire on the part of the faculty to extend its range. Offering unexcelled advantages, it was thought best that President London should visit Manitoba, the Northwest Territories and British Columbia, with the object in view of seeing just what could be done towards giving the candidates in the High schools the advantages of recognition in the university examinations.

The president will report very favorably respecting British Columbia. The visitors were pleased with the course of studies prescribed, and it is quite probable that those passing the departmental examinations in this province may be accepted to standing in Toronto University without any further test of scholarship.

Speaking of the need of a university in Victoria, both of them spoke very encouragingly of it. Prof. McLennan thought it should be an admirable location for such an institution. With the funds now available for Toronto University that institution would be made the nucleus of the smaller institutions. It would be at that great centre that the hoped to see graduates from the other take their post graduate courses instead of going, as in the past, to John Hopkins and other American institutions. He says Toronto University is fast taking an important place for advanced courses in arts.

Both gentlemen are highly delighted with British Columbia. They speak flatteringly of the reception given them, especially by the graduates of the university, as the guests of Dr. Watt and Mrs. Watt, they were given a splendid treat, being taken around in their launch to different points of interest, including Esquimalt. This afternoon they visit the High and some of the ward schools in company with Superintendent Eaton.

THE PARLIAMENTARY PARTY.

(Associated Press.)

Banff, N. W. T., Sept. 15.—Lord Lyden's British parliamentary party expect to reach Vancouver on Thursday at one o'clock.

SALOON HELD UP AND MONEY STOLEN

ROBBERS DID A JOB AT WESTERN HOTEL

One Covered Bartender and Searched Him While the Other Collected Spoils From Till.

Shortly before 12 o'clock last night two men entered the bar of the Western hotel, on the corner of Store and Discovery streets, held up the bartender, Peter Nelson, at the point of a gun, relieved him of \$29 and his watch and chain, and lifted all the cash in the till. The whole job was done so quickly, systematically and neatly that it is quite evident the robbers were no novice of the nefarious work. The police were notified by telephone as soon as the precious pair had disappeared, and the detectives have been diligently investigating ever since. Up till noon, however, the two were still at liberty, although there is reason to expect news of their capture at any time.

It was just about five minutes before midnight when the hold-up was committed. The bartender had locked all the doors in the place with the exception of the one opening on the corner, and was about to close this also. He was in an adjoining room when two men entered. They were well-dressed, but strangers to him. As he went behind the bar to attend to them he inquired: "What will you gentlemen?" Both replied that they would "take beer." As Nelson from the South. Strangely enough, the constables passed the Western saloon shortly before the crime occurred, but did not notice anything unusual.

About 3 o'clock this afternoon information was received from New Westminster of the arrest there of the two men who were believed to have held up and robbed the bartender of the Western hotel and also the till.

The men, one named Leonard, and the other Lorenzo, travelled via the Terminal railway and ferry Victorian to the Royal City, where they were taken into custody.

AMICABLY ADJUSTED.

Satisfactory Arrangement of the Affairs of the A. O. U. W. in British Columbia.

As a result of the special meeting of the A. O. U. W. Grand Lodge yesterday the misunderstanding between the Grand Lodge and the Supreme Lodge has been amicably settled. Brothers Stevens and Tate, representatives of the Supreme Lodge from Manitoba and Colorado, explained matters so that it was apparent to all delegates that the differences referred to were caused through the executive of the British Columbia Grand Lodge not having a thorough understanding of the action of the Supreme body.

In their addresses they pointed out that the increase in the assessments of the members over 55 years of age did not necessarily affect the lodges of British Columbia. This was a low rate jurisdiction, and the new regulation adopted by the Supreme Lodge did not affect any but the high rate districts.

Of course if it was the desire of the lodges of this province to adopt the new regulation there would be no objection to their doing so, but it was not compulsory, as members of the British Columbia Grand Lodge seemed to think.

Continuing, it was explained that the reason the Supreme Lodge had found it necessary to levy an increased assessment on the older members of the lodges belonging to what are termed the high rate jurisdictions was because of the very heavy death rate which, during the past few years, had resulted in a constant drain on the reserve funds.

After both gentlemen had spoken the chairman, Grand Master Workman H. C. Edwards, who, in opening the proceedings, explained the reasons for calling the special meeting, requested any of the delegates who wished to ask the Supreme Lodge representatives questions to do so. This resulted in many queries, all of which were answered clearly and to the point.

Another point, which no doubt had considerable to do with deciding the Grand Lodge in favor of the supreme body, is the fact that under the new regulations members over 55 years of age not only pay the same rates as heretofore, but will not have to contribute to the guaranty fund, as has been the case up to the present.

The Grand Lodge came to a decision last night when, after consideration, it was decided to adopt the guaranty fund as embodied in the new regulations, which means the continuing of the percentage of beneficiary assessments. This action is an expression of the intention of the Grand Lodge to support the Supreme body. The vote was almost unanimous.

Many of those interested have had the idea that delegates from the different subordinate lodges were sent to the Grand Lodge with definite instructions to oppose the Supreme Lodge's action. This is not so. They were elected and sent to act according to their own judgment.

This afternoon the Supreme Lodge representatives and delegates to the Grand Lodge are being entertained by the local order. They are being taken for a drive and intend visiting Esquimalt and other points of interest.

a search. The Vancouver boat was closely watched, and one man, who, the detective thought, answered the description was placed under surveillance, but he turned out to be the wrong individual.

The two robbers have apparently been in a number of places during the past few days.

The bartenders of two or three saloons remember seeing two men answering the description of the pair. Apparently they were in Mrs. Hindmarsh's place, across the street from the Western, just before the hold-up took place. The proprietress says that about five minutes to twelve o'clock a couple of men, well-dressed, entered her place and asked for drinks. While being served they engaged in a conversation, commenting on "business being good," etc. The taller expressed the opinion that times were not as good now as they were in the old days, and he mentioned the names of a number of the former proprietors. This leads Mrs. Hindmarsh to believe that one of the two is a Victoria man. At the same time she does not remember having seen him before. Neither does Nelson, the man who was held up, although he has lived here thirty years.

He describes the one who held the gun, and who was plainly the leader, as a man of five feet ten inches or thereabouts in height, and of good build. He has neither beard nor moustache, but had a two or three days' growth of hair on his face. His hair was black and his eyes dark and piercing. He had a stiff hat and dark grey clothes, the coat of which was buttoned closely at the top. Nelson had plenty of time to size up this man, who certainly impressed his personality upon him. He was unable to get a good look at the other robber, who was considerably smaller, and stout. The two men, who were served by Mrs. Hindmarsh, talked pretty well with this description. Neither were anything over his face. The two are evidently strangers in Victoria, and are probably the men who have been shadowed by the police for some days past, and who, it is understood, came from the South. Strangely enough, the constables passed the Western saloon shortly before the crime occurred, but did not notice anything unusual.

About 3 o'clock this afternoon information was received from New Westminster of the arrest there of the two men who were believed to have held up and robbed the bartender of the Western hotel and also the till.

The men, one named Leonard, and the other Lorenzo, travelled via the Terminal railway and ferry Victorian to the Royal City, where they were taken into custody.

LIBERALS WILL NOMINATE TO-NIGHT

CONVENTION MEETS IN A. O. U. W. HALL

Conservatives Attempted to Pass Over Attorney-General McPhillips—Jos. Hunter Was Accepted.

To-night the Liberals of the city select their candidates for the election on the 3rd of October. Only two weeks and four days intervene until polling day. The candidates therefore who are chosen will commence at once a vigorous campaign.

There are a good many names spoken of as likely to be put in nomination. From these it will be a very easy matter to select a quartette which will reflect the wishes of the majority of the electorate in the next legislature.

The convention is of the greatest importance, and the party should be fully represented at it. It is there that the first test of the candidates' popularity is made, and the meeting should therefore be well attended. With the selection of four strong men the success of the Liberal party in Victoria is assured at the election. The prevailing doubt in the city is to put an end to the weak governments which have held power for so long, and which have impeded progress in the province. The McBride faction, which now is in the ascendant, it is known cannot hold power without the support of the old element which will dominate that section if the Conservatives are returned. The country is therefore ripe for a change and look to the Liberal party. The men to be selected this evening will be called upon within the next few months to play their part in the government construction and the shaping of the policy which will advance the interests of British Columbia.

The convention will be held in the A. O. U. W. hall commencing at 8 o'clock. An enthusiastic meeting of the Young Liberal Club was held last night, at which there was a splendid rally.

Last evening the Conservatives of Victoria made their choice. It resulted in the selection as standard-bearer of Chas. Hayward, H. D. Heineken, Joseph Hunter and Hon. A. C. McPhillips. The candidates are named in the order in which they stood after the ballots were counted. The slate is not a satisfactory one to either of the factions of the Conservative party. In addition to those selected the names of Thos. Hooper, J. L. Beckwith and J. W. Holden were put in nomination.

There was apparent many attempts to stuff the convention, and a good number were present who were not electors of Victoria. In Mr. Hunter's case many plumpers were cast, thus insuring his selection. The vote as counted stood: Chas. Hayward, 254; H. D. Heineken, 244; Jos. Hunter, 211; Hon. A. C. McPhillips, 182; Thos. Hooper, 122; J. L. Beckwith, 80; J. W. Holden, 40. As was anticipated the Attorney-General in the McBride government came rather close to being left out of the slate. There was evident a determination to do away with only Mr. McPhillips' personal friends. The old line Conservatives, who lay claim to the reins of government by divine right, endeavored last evening to show their disapproval of the upstarts who have come into the heritage.

This element having now positive proof of the intention on the part of the old element to cut them out, have agreed their determination on October 3rd of taking their rights in a much more effective manner and thus avoiding any chance of the fall waving the dog so far as the party is concerned.

In Esquimalt the trouble increases. Henry Croft has announced his intention of being a candidate in that district in the event of the convention called for Friday selecting him. He further announces his readiness to support the nominee of that convention, provided he is not the choice. Thus Mr. Croft is opposed to anyone claiming the right to run as a Conservative candidate through any other than that derived from a representative convention.

Mr. Pooley is having a hard fight this year, inasmuch as all the complaints against the E. & N. railway and the Dunsmuir interests are connecting him with their troubles. Mr. Pooley repudiates the convention on Friday so that he cannot be selected by it. It is therefore highly probable that there will be three candidates in the riding, all under the name of Conservative.

John McLaren, of Vancouver, has been selected as the third Labor candidate in that city. He is a carpenter by trade. A. G. Perry and F. Williams are the other Labor candidates.

ANOTHER FLOOD.

Heavy Rains Cause Rapid Rise of the Mississippi River.

(Associated Press.)

Lacrosse, Wis., Sept. 15.—Heavy rains north of here are responsible for a rise of three feet in the Mississippi river at this point during the past 48 hours. The river is eight feet and a half above low water mark, thus rising an inch per hour. Farmers on the lowlands are preparing for the third flood of the year.

HELPS TO COMFORT

One of the greatest aids to comfort in the sick room is a Hot Water Bottle. We have a large stock and a great variety to choose from; prices 75c. to \$3.50. Also Fountain Syringes and Bulb Syringes. We guarantee them. Let us show you our stock.

Campbell's Prescription Store

BULGARIA APPEALS TO THE POWERS

TO PREVENT THE MACEDONIAN MASSACRES

War Appears Nearer Than Ever—The Revolutionary Leader Will Adopt Guerrilla Tactics.

Sofia, Sept. 14.—The Bulgarian government, through its foreign representatives, has addressed a note to the great powers, declaring that the Porte is systematically devastating Macedonia and massacring the Christian population. Further, it says Turkey has mobilized her whole army, which cannot possibly be for the sole purpose of suppressing the revolution. Therefore, the Bulgarian government appeals to the humane sentiment of Europe to prevent a continuance of the massacres and devastations and to stop the mobilization of the Turkish army. The memorandum concludes with the plain statement unless the powers intervene Bulgaria will be forced to take such measures as she may deem necessary.

While it is possible that a Turkish-Bulgarian war may eventually be averted, the probability of such an encounter was never greater than at the present moment. The recent note to the powers, the most direct step taken by the principle, was dictated not only by the alarming reports of wholesale massacres and devastation daily arriving, but even more by the indifference of the powers towards the severity of Turkey's repressive measures.

Warned by previous disastrous experiences, the revolutionary leaders have decided to adopt only guerrilla tactics in Eastern Macedonia. The policy of occupying towns and villages has proved a mistake, as it usually resulted in Turkey recovering the villages, destroying everything and killing the inhabitants, the insurgents being hampered in their operations by the women and children. The guerrilla warfare is expected to exhaust the Turks much sooner, while the unhindered bands can move more easily and more rapidly. It is hoped that the new tactics will result in the women and children being spared unnecessary dangers.

The insurgents now have nearly 2,000 men armed with rifles in Eastern Macedonia and thousands of peasants ready to join their forces when a general rising has been proclaimed. This step is being delayed until the supply of rifles, cartridges and dynamite is received. New bands aggregating 1,000 men are reported to be on their way to the frontier. The Turkish forces now in Eastern Macedonia are estimated at 17,000.

In the conflicts in the mountains of the Pindus the Turks are reported to have lost heavily in dead, while a great many were wounded. The peasants are welcoming the insurgents everywhere with the greatest enthusiasm. The bands are experiencing great difficulty in obtaining arms. It is believed that not a single rifle can be found in Sofia outside the garrison.

The Bulgarian government is reported to have protested against Austria's action in intercepting the tea million cartridges, ordered in Hungary, for which Bulgarian money has been paid to the contractors. A panic prevails at the

town of Veloso. The soldiers permit no one to leave the posts. Complaints made to the civil and military authorities have been without avail.

Severe fighting has occurred near the town of Okrida, in which the Turks lost heavily, but the bands were forced to retire. An engagement between the Turks and insurgents has taken place at Erbona near Kichevo, and there again the Turks had many killed and wounded while the insurgent casualties amounted to three. The villages of Tetina and Smotivir in the same district have been burned and the inhabitants killed. A dispatch from Rila says that 200 fugitives from Razloga, province of Sofia, accompanied by a Russian sister of charity, have crossed into Bulgaria.

Naval Co-Operation.

London, Sept. 15.—The note sent by Bulgaria to the powers, declaring unless the latter intervene in Macedonia, Bulgaria will be forced to take such measures as she may deem necessary, is held to be a prelude to the mobilization of the Bulgarian army unless Europe intercedes to prevent a conflict. There is some connection between this eventuality and the decision of the revolutionists to revert to guerrilla tactics, which may be in order to reserve their resources for co-operation with Bulgaria. It is announced in Sofia that Prince Ferdinand will return to the Bulgarian capital from Buxinograd in a few days, when the government will take some decisive steps.

The Daily Mail understands that the British cabinet yesterday resolved upon naval co-operation with the powers in Eastern Macedonia, and that British warships will shortly appear at Salonika. The Turkish embassy in London issued a long statement warning the public

Half and Half.

The dyspeptic may well be represented pictorially as being half masculine and half feminine, and combining the least desirable characteristics of either sex.

He has all the stubbornness of the man with the peevish irritability of a sick woman. He is not pleasant company at home or abroad.

Dr. Pierce's Golden Medical Discovery cures dyspepsia and other diseases of the stomach and associated organs of digestion and nutrition. It renews physical health which carries with it cheerfulness of temper, and makes life a pleasure instead of a penance.

The "Golden Medical Discovery" purifies the blood by eliminating the corrupt and poisonous accumulations from which disease is bred. It increases the activity of the blood-making glands, so increasing the supply of pure rich blood, which gives life to every organ of the body. It gives new life and new strength.

"Your 'Golden Medical Discovery' has performed a wonderful cure," writes Mr. M. H. House, of Charleston, Franklin Co., Ark. "I had the worst case of dyspepsia, the doctors said that they could not cure me, with no benefit. I tried Dr. Pierce's Golden Medical Discovery and now I am cured."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach, blood and lungs.

The Common Sense Medical Adviser, 1000 pages in paper covers, is sent free on receipt of 31 one-cent stamps to pay expense of customs and mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

against the unfounded reports and slanders of a Bulgarian source daily appearing in the London daily papers, and denying the reports of Turkish atrocities, and Turkish troops have been ordered to cross into Eastern Roumania in order to cut off the insurgent bands, etc. This statement further gives accounts of Turkish successes against the Bulgarian "brigands," and reports the bands as demoralized, hiding and surrendering, and asserts that Bulgarian inhabitants of the Ottoman provinces who joined the bands are now impeding the imperial chancery and are surrendering arms distributed by the revolutionary agents.

The correspondent gives an authentic case of the massacre near Monastir of thirty inhabitants who yielded on the strength of Hilm Pasha's proclamation, guaranteeing their safety. Another dispatch says the premier has formulated a demand for the punishment of the Turkish leaders responsible for the pillage of the Greek villages in Macedonia for the murder of their inhabitants. It is stated in Vienna that representatives of the powers have advised the Sultan to withdraw the Albanian troops from Adrianople on account of the lawlessness.

The Sofia correspondent of the Times says that the situation has changed drastically for the worse. He says: "The powers appear to be pursuing the same tactics which preceded the Greek-Turkish war, and the result will probably be similar. Instead of taking steps to check the barbarities committed in Macedonia they have allowed matters to drift and are now trying to find a remedy in useless and irritating admonitions to the Bulgarian government."

Count Lamsdorf, the Russian foreign minister, and Count Goluchowski, the Austro-Hungarian foreign minister, have recommended to the other powers that another note should be sent to Turkey and Bulgaria, warning them that in the event of war, neither combatant can expect aid from the great powers, and that the Austro-Russian reforms scheme will be maintained and the status quo preserved.

Russo-Austrian Warning.
Paris, Sept. 14.—The foreign advisers from Bulgaria show that the situation is growing more serious owing to reports that the Turkish troops are slowly nearing the border. If their advance continues there will be a general mobilization of the Bulgarian forces, preparatory to meeting eventualities. A Russo-Austrian note to the powers has been received and is now under consideration. It sets forth that in the event of hostilities between Turkey and Bulgaria, Russia and Austria will not give their support to either of the parties, but will hold each to a strict account, ability for their actions. It is reported that France will adhere to the Russo-Austrian attitude.

A Suggestion.

St. Petersburg, Sept. 14.—The Novoye Vremya today demands active intervention in Macedonia, and proposes as a solution of difficulties, the attaching of officers of the foreign powers to all Turkish representative expeditions, with authority to prevent unnecessary cruelty.

Arrests.
Washington, Sept. 14.—The navy department today posted the following bulletin:

"Admiral Cotton telegraphs from Beyrout on the 13th instant that he had exchanged satisfactory visits with the governor-general. The governor-general has personal charge of the vice-consul's case. Twenty-eight persons, including the principals in the disturbance of last Sunday, have been arrested. Beyrout is quiet. The administration of the new governor-general inspired confidence. The former governor-general left on the 12th instant for Constantinople."

Sad News.
Battle Creek, Mich., Sept. 14.—Today's mail brought sorrowful news to three employees of the Battle Creek Iron works. Philip Trifera was notified that two brothers and their children had been murdered in Turkish Macedonia. S. Forty was informed that both his sons were murdered, and M. Sheslaker that his two sons and uncle were killed. The letter says ten thousand soldiers attacked a village of 2,000, murdering all but one hundred, and leaving only ten buildings standing.

STORM IN SOUTH.

Seven People Reported to Have Been Killed—Property Loss Over One Million Dollars.

Jacksonville, Fla., Sept. 14.—No wires were working south of Jacksonville this morning and details of the hurricane which swept across the southern part of the state on Saturday are incomplete. So far as known seven people met death, the bodies of five being fished up near Miami on the east coast and two near Boynton on the west side of the state.

Passengers arriving to-day on belated trains report that on the east coast many vessels have been wrecked. About Miami, it is reported, seven or eight are ashore.

The property loss in the city of Tampa is about one million dollars. West Tampa was flooded. No loss of life is reported in Tampa, although several persons were hurt by falling trees. Much injury was done to the orange groves and gardens, and it is feared that the beautiful winter homes of northern people are damaged.

The disturbance is to-day sweeping across Alabama and Louisiana. All wires south of Montgomery, Alabama, are down in the neighborhood of Florence, Ala., and Birmingham, Montgomery Mobile and New Orleans report high winds.

There is no evidence of the storm at Charleston, S.C., although precautionary signals have been displayed there for two days.

ECZEMA, NO CURE, NO PAY.
Your druggist will refund your money if PAZO-ONTMENT fails to cure Ringworm, Tetter, Old Ulcers and Sores, Pimples and Blackheads on the face, and all skin diseases. 50 cents. If your druggist hasn't it in stock send 50 cents in stamps to the Paris Medicine Co., St. Louis, Mo., who also manufacture Laxative Bromo-Quinine, the celebrated Cold cure.

JUDGE ON LYNCHING.

Says Efforts Should Be Made to Punish Guilty.

St. Louis, Sept. 14.—The lynching of David Wyatt, the negro school teacher, in Belleville, Ill., on June 6th claimed special attention in the charge of Circuit Judge Burroughs to the St. Clair grand jury delivered to-day. Judge Burroughs says that the crime was "unfortunate, illegal and ill-advised." He urged that the utmost endeavor be made to discover, indict and convict those who were guilty of the crime. He urged the jurors that their business interests must not be allowed to interfere with their duty of grand jurors.

SOCIAL DEMOCRATS.

Annual Congress at Dresden—Congratulations From the States.

Dresden, Sept. 14.—Representatives of three million Social Democrat voters, more than a quarter of the entire German electorate, began their annual congress, Herr Bebel and Herr Von Wolff, the Russian Socialist leader, are expected to join issues to-morrow regarding the adoption of tactics during coming sessions of the Reichstag. Meanwhile the delegates discussed the financial business of the party and listened to an address from the foreign delegates. Gaylord Wiltshire, in the name of the Socialists of the United States, congratulated the Republican Social-Democrats of Germany on their "marvellous organization and still more marvellous electoral triumph."

ELECTROCUTED.

Man Put to Death in Electric Chair For Murder of a Prison Keeper.

Auburn, N. Y., Sept. 14.—Clarence Egner, of Buffalo, was today put to death in the electric chair for the murder of Archibald Benedict, a keeper in Auburn prison.

Egner was a convict and had more than once been punished by Benedict for disobedience. On January 9th, 1901, Benedict reprimanded Egner for talking to another convict. Egner armed himself with an iron bar and lay in wait for the keeper. When Benedict passed him, Egner instantly sprang from behind and dealt him a crushing blow on the head fracturing the skull. The victim sank to his knees, when Egner espied the butt of his revolver protruding from his hip pocket, which he seized and shot Benedict in the back of the head. Death was instantaneous. Egner then surrendered to the prison authorities. He was 26 years of age, and served in the war with Spain under another name.

RUSSIA AND MANCHURIA.

Britain and Japan Will Protest Against China's Yielding to Demands.

London, Sept. 14.—The Associated Press is informed that Japan and Great Britain have exchanged views on the latest demands made by Russia on China and that they have decided to protest separately to the Peking government against the acceptance. In case this should prove fruitless and Russia continues her occupation of Manchuria Japan proposes to break off the negotiation of Russia for a definition of their respective rights in Manchuria, and Korea and to demand of the St. Petersburg government that it order the evacuation of Chinese territory.

We cannot permit the postponement of the evacuation," said the Japanese authorities. "For Russia would utilize the additional time to strengthen her fleet and army in the Far East. Already her naval tonnage there is equal to ours. Public sentiment in Japan is deeply stirred up by Russia's failure to carry out her promise to evacuate Manchuria and demands the withdrawal of her troops on the date fixed a year ago."

SIR THOMAS LIPTON.

Has Been Somewhat Indisposed—Returns Home Next Week.

Utica, N. Y., Sept. 14.—Sir Thomas Lipton and his party arrived here on a special train from Macaquette about midnight last night. Sir Thomas had been spending a few days at Camp Killcare with Timothy J. Woodruff. On the way down Sir Thomas was taken very violently ill with indigestion. A physician was summoned and worked over his patient about six hours and then accompanied the train to Syracuse.

The private secretary to Sir Thomas, John Westwood, made the statement that Sir Thomas has not received any invitation from the Seawanhaka Club, nor has the Earl and Countess of Shaftsbury so far as he knew. "He had heard nothing about it until he saw a report. The date of the dinner was on date on which it was known he had been in the West, and if any invitation to the dinner had been received it would have been necessary to decline it. He will not return to New York until September 21st, and will start for England on the 23rd."

An Explanation.

Oyster Bay, N. Y., Sept. 14.—President Roosevelt to-day approved of the issuance of a formal statement of the facts concerning the Seawanhaka Yacht Club dinner incident, which has created so much unpleasant comment. Colgate Hoyt, chairman of the board of trustees of the yacht club, visited Oyster Bay this afternoon and had a conference with the President for half an hour. Mr. Roosevelt expressed regret that any public statement of the dinner incident should have placed him in a false attitude, and, with a view to relieving Sir Thomas Lipton of embarrassment because of the statements that he had treated him with discourtesy, he authorized Mr. Hoyt to make a plain statement of the episode.

A demand has been made upon International Revenue Collector Callister, of Salt Lake City, by the representatives of the Marcus Daly estate, for a refund of \$147,000 paid to the government as an inheritance tax on the estate. It is claimed the estate is not subject to the tax, as it does not come within the provisions of the government inheritance tax law. The matter will be referred to Commissioner Yerkes at Washington for a decision.

PRINCE FERDINAND.

Report That Everything is in Readiness For His Flight From Bulgaria.

Berlin, Sept. 14.—An extraordinary letter, purporting to have been written by a Bulgarian statesman, appeared in the Kalev journal. The writer asserts that a subterranean passage leads from the castle where Prince Ferdinand lives, as though besieged, to the river, through which the Prince can escape by water when convinced that his position is no longer tenable. It is said that Princess Clementine, mother of Prince Ferdinand, saw King Edward at Vienna, told him that her son was in a deplorable position and in danger of his life, and begged the King to have a vessel in readiness to carry him away from Bulgaria. King Edward, it is asserted, assured Princess Clementine that Prince Ferdinand would always find an asylum in England.

SNOW IN MONTANA.

Crops Will Suffer and Loss to Farmers Heavy.

Butte, Mont., Sept. 14.—Reports from outlying farming districts give conflicting details as to the damage done by Saturday's and Sunday's snowstorm. Beaverhead county appears to have suffered the most, as hardly a third of the grain crop had been harvested when the storm broke and for ten hours the snow fell inches deep. The snow was wet, clinging to grain and bringing it to the ground. Estimates of damage done are placed as high as \$75,000 in that county. But prominent ranchers declare if conditions are favorable much of the oats beaten down can be harvested. The second crop of alfalfa in many parts of the state will suffer greatly and in some instances is almost ruined. Carbon county, in the southern part of the state, reports considerable loss in the oat and alfalfa crops. Many fruit trees were stripped of their branches.

MAFIA AT WORK.

Two Assassinations in Trans-Caucasia—The Murderers Escaped.

St. Petersburg, Sept. 11.—An Orthodox architect, Vassily, was stabbed to death in the streets of Alexander, Trans-Caucasia, on August 20th. The murderer escaped.

The Novoye Vremya's correspondent at Servian, Trans-Caucasia, says the murder was one of a series of assassinations committed by the Armenian Mafia, and adds that Vassily had been black-balled. The correspondent further points out another recent brutal murder at Alexandriopol railroad station in the presence of a crowd of people. In this case also the murderer easily made good his escape.

Judicial investigation of the many murders committed show, it is asserted, that 50 per cent. of the many recent Armenian murders was the work of Armenians who emigrated from Turkey, inspired by fanaticism, and that the others were simply the crimes of paid assassins.

GENERAL AND SHERIFF.

Former Refuses to Release Prisoners Arrested at Cripple Creek.

Cripple Creek, Colo., Sept. 14.—Former Attorney-General Eugene Engley appeared before Judge W. H. Seely in the District court, and petitioned for writs of habeas corpus for Chas. Compell, Chas. H. McKinney, Sherman Parker and James Laforty, strike leaders, who were arrested by the military last week and have been held as prisoners in the guard house though no charges have been made against them. Although martial law has not been declared, and under the state laws cannot be inaugurated, the militia officers have taken absolute control of the district, and have utterly ignored the civil authorities. Brigadier-General John Chase notified Mr. Engley that no civil process for the prisoners whom he represents will be recognized by the military. Furthermore, Adjutant-General Bell has intimated that all leaders of the Western Federation of Miners in the district will be arrested and held as prisoners until the strike is broken.

"I shall cause the arrest of Gen. Bell, Gen. Chase and certain members of the Mine Owners' Association," said Mr. Engley to-day, "and shall prosecute them on the charge of criminal damages and conspiracy. I shall also bring civil suit against them for damages for false imprisonment."

Judge Seely granted the writs of habeas corpus as prayed for. The writs are returnable on Friday morning. Sheriff Robertson's demand for the prisoners was formally refused by Gen. Chase.

C. G. Kennison, president of the miners' union, No. 40, who left town after furnishing bonds for \$500 on charges of carrying concealed weapons and assaulting a non-union miner, was reported to have returned this morning from Colorado Springs. He said that his trip was made for business reasons.

The steamer Park Bluff was capsized in a fierce storm which prevailed on the Mississippi on Sunday night, and Engineer Ferguson, of Lacrosse, Miss., was drowned.

Notice is hereby given, pursuant to the provisions of Chapter 92 of the Revised Statutes of Canada, that the Canadian Pacific Railway Company has made application to the Governor-in-Council for approval of the construction of a wharf in the harbor of Victoria in the Province of British Columbia, and that plans thereof and a description of the site of the proposed wharf have been deposited with the Minister of Public Works, and a duplicate of each in the office of the Registrar of Deeds at Victoria, in the said Province.

By order,
CHARLES DRINKWATER,
Secretary.

THE POPULAR GORGE TRIP.

Steam launch Kootenay. If you wish
to have the best of the beautiful trip to
the Gorge, to enjoy it, to feel you cannot
go a better way, take the elegant steam
pleasure launch "Kootenay," which
leaves Jones' boat house week days at
9, 10 and 11 a.m., and 1, 2, 3, 4, 5 p.m.
Sundays from 10 a.m. Special arrange-
ments for large parties. Tickets at
Tourist Association rooms and on-board
steamer.

WEATHER BULLETIN.

Daily Report Furnished by the Victoria
Meteorological Department.

Victoria, Sept. 15.—5 a.m.—Abnormally
high barometric pressure covers the con-
tinent from Vancouver Island eastward to
Manitoba and southward to Idaho. It is
causing a general fair spell and light to
moderate winds on the coast. Frost has
again occurred in Cariboo and across the
Territories to Manitoba.

Forecasts.

For 36 hours ending 5 p.m. Wednesday.
Victoria and vicinity—Light to moderate
winds, continued fine to-day and Wednes-
day, higher temperature.

Reports.

Victoria—Barometer, 30.32; temperature,

TENDERS FOR THE LIBRARY OPENED

LOWEST SUBMITTED
BY GEORGE SNIDER

Other Routine Before Council Included
the Consideration of a Number
of By-Laws.

Probably the most important item of
business transacted at the regular meet-
ing of the city council last evening was
the opening of tenders for the construc-
tion of the Carnegie library. In all three
under the sum appropriated for the pur-
pose, and five thousand dollars less than
the next tender.

Writing Inspector Daly enclosed a re-
port of the buildings inspected and cer-
tified by him during the month of August.
Received and filed, copy of report to be
sent to the underwriters.

Greetings from the Mayor and corpora-
tion of the ancient city of Canterbury
"mother city of the Anglo-Saxon race,"
were read.

In connection with the above the fol-
lowing motion, of which Ald. Kinsman
was author, carried unanimously:

Resolved, That the best thanks of this
council be presented to the Right Worship-
ful Mayor and corporation of the ancient
city of Canterbury, "Mother City of the
Anglo-Saxon race," for the cordial greeting
and expressions of good-will and affection
and sincere wishes for the continued and
increasing prosperity of the city of Victoria
and for the volume of views of Canterbury,
which they have been good enough to send
by, and which this council gladly accepts
from the hands of Gerald J. F. Adams,
P. A. S. L. F. R. G. S., and Thomas
Easton, Esq., delegates to the congress of
Chambers of Commerce of the Empire,
from the Chamber of Trade of the city of
Canterbury.

And be it further resolved, That a copy
of this resolution and of the minute of
this proceeding be suitably engrossed and
forwarded by the city clerk to the Right
Worshipful the Mayor and the corporation
of the city of Canterbury, England.

C. J. Drinkwater, assistant to Presi-
dent Shaugnessy, wrote as follows:

Montreal, Sept. 3, 1903.—Sir: I have the
honor to acknowledge the receipt of your
letter of the 25th ult., in reference to the
agreement between the city of Victoria and
the Canadian Pacific Railway Company for
the construction of a hotel at Victoria.

I note your request for the consent of our
company to the date of the agreement and
the endorsement on the plan being altered
so as to be dated subsequently to the pass-
ing of the by-law by the electors.

In reply, I beg to say that although we
make it a rule to date every document
which is executed under the seal of our
company, yet under the special circum-
stances set forth in your letter I have
pleasure in according to your request, and
this company consents to the present dates,
both in the agreement and in the endorse-
ment on the plan, viz., 17th of August,
1903, being struck out, and a date inserted
after the by-law has been finally passed by
the council.

The communication was received and
filed, the date to be altered as agreed.

City Poundkeeper Curran wrote re-
questing a suit of clothes. Granted.
Cost not to exceed \$25.

Assistant city engineer in reply to
complaints made against the condition
of Superior street reported that the B.
C. Electric railway claimed that they
had complied with the by-law. He had
the offer from Manager Goward that if
the corporation undertook to place the
street in a proper state of repair the
company would supply the gravel necessary
for binding.

Ald. Yates was not altogether satisfied
with the offer. The company ought to
be held up to its agreement.

Ald. Kinsman did not like the course
the company was following in this re-
spect.

Ald. Yates moved, and Ald. Kinsman
seconded, that the report be left over
until the return of the city engineer,
when the matter could be further investi-
gated.

The motion carried, and tenders were
opened for the building of the
Carnegie library as follows:

Geo. Snider, \$14,831.

H. J. Knott, \$49,000.

Thos. Catterall, \$52,408.

On motion of Ald. Yates, the tenders
were referred to the library committee
and building inspector for report. Each
was accompanied by a cheque for \$500,
and agreed to carry out the contract ac-
cording to specifications.

The finance committee reported ac-
counts amounting to \$2,188.46. Adopted.
The motion of Ald. Grahame for leave
to introduce a by-law to amend the
regulations in the Fire Prevention By-
Law, relating to the crowding and
obstructing of aisles and passages in cer-
tain buildings was then taken up and
passed through its different readings. It
is proposed to amend the Fire Preven-
tion By-Law, No. 338, in section 31 by
adding after the word "or" the words
"from persons standing or selling thereon."

The by-law for the expropriation of
certain properties was also put through
its final reading and passed.

Ald. Grahame's motion for leave to in-
troduce a by-law relating to the pave-
ment of Yates street was carried, and the
by-law advanced as far as it was possi-
ble in one meeting of the council.

After consideration of the by-laws the
meeting adjourned.

Monday, the second anniversary of the
death of President McKinley, was not
observed by any formal programme in
Canton. Flags were lowered on the
public buildings, and there were some
short references made in the various de-
partments of the school to the life and
death of McKinley, and eulogies were
worn as a silent tribute by numerous
citizens.

SUCCESSFUL CONCERT.

Entertainment Held at Y. M. C. A. Hall
Last Evening Under Auspices of
Ladies' Auxiliary.

Last evening's entertainment, held at
the Y. M. C. A. hall, under the auspices
of the Ladies' Auxiliary, was a pro-
nounced success. There was a good at-
tendance, and each selection was enthus-
iastically applauded. Following was
the programme: Chairman's opening re-
marks, L. Hall; instrumental selection,
Mr. Talbot's quartette; song, J. G.
Brown; reading, Miss Scowcroft; song,
Mrs. Howell; recitation, A. Sample;
song, Wm. Hicks; refreshments; instru-
mental selection, Mr. Talbot's quartette;
reading, Miss Cameron; song, Miss
Deville; recitation, Mr. Ricaby; song,
R. A. Grant; instrumental selection, Mr.
Talbot's quartette; God Save the
King.

RUNNING SMOOTHLY.

Labor Troubles Have Been Adjusted,
and Work Is Progressing.

Mr. Vaughn-Rhys, lessee of the Van
Andia mines, Texada Island, while in
Ladysmith the other day, is reported to
have said that everything was now go-
ing on smoothly at the mines. The
strike had been settled by the men
themselves desiring to withdraw their
demands on the company.

The mine never looked better, and its
operation is proving most satisfactory.
From now shipments will be made con-
tinuously, as no further delays or inter-
ruptions are anticipated.

He expressed himself more than pleas-
ed with the satisfactory treatment his
people were receiving from the "Tee
smelter at Ladysmith. His contract
with the smelter calls for the delivery
of 2,000 tons of ore.

COLLEGE STANDING.

Toronto University May Grant High
School Pupils Recognition in Art
Course.

Professor Loudon and Professor Mc-
Lennan, of Toronto University, while
visiting this city, had a long conference
with the officials of the education depart-
ment, as a result of it there is every
probability that something may be done
by which the High school examinations
in this province may be accepted by the
faculty of that institution. The profes-
sors will report upon their return to
Toronto and steps may then be taken
to give the successful candidates at the
departmental examinations in British
Columbia recognition in the arts course
of the great Toronto University.

After consulting with Inspector Wil-
son and Inspector Orlinshank, the To-
ronto visitors seemed very much taken
with the course of study adopted in the
provincial High schools.

At the present time the Ontario High
school curriculum and that of Toronto
University are prepared so that the same
examination papers are used, and the
departmental test is therefore accepted
by the faculty of the provincial university.

Already the High school examinations
in British Columbia are recognized by
McGill University, Montreal. If the
present scheme is accomplished High
school pupils, who pass the intermediate
and senior grade examinations, will be
given the additional advantage of being
accepted in Toronto University, which
has the largest attendance of the Cana-
dian educational institutions.

"THE HILLS OF CALIFORNIA."

A Rural Drama Presented at the Vic-
toria Theatre Last Night.

A good sized audience took in "The
Hills of California" at the Victoria the-
atre last night. The play is what its
name suggests, a rural drama, although
there is a shift of the action to the city.
While it does not afford scope for strong
work, it is replete with climaxes which
never fail to score with the sympathetic
gathering in the gallery. It is one of
those dramas in which it isn't necessary
to wait until the final act for the dis-
comfiture of the villain. He gets left in
every act, and the curtain falls upon his
triumph of the desecrating and the bitter
disappointment and fury of the wicked.

Lots of merriment is provided in the
play, and some unintentional grim hu-
mor. Some of the latter abounds in the
scene in which the Salvation Army
soldier is catechized by Amos Hill as he
is about to take an intoxicated unfortu-
nate to the Refuge Home. Instead of
hustling the paralyzed dyspeptic he
headquarters, the playwriter has him lie
on the road until the soldier has com-
pleted a rather exhaustive exposition of
the aims and objects of the great or-
ganization he is supposed to represent.

Frank Bacon was in his element as
Uncle Amos, giving a natural and effec-
tive portrayal of the role. His drawl
manner and speech, reminding one of two
of the chief charms of the late Sol
Smith-Russell and other comedians, as-
sociated with well-known pastoral pro-
ductions, were devoid of exaggeration
and extravagance. Scott Seaton was a
very good Everett Doolittle, the lawyer,
his personality and style being very
pleasing. The part of Stolicus Stokes
(fat) didn't suffer any in the hands of
Gus Tate, who provided plenty of fun.
The ladies had but very little oppor-
tunity to display their ability, in fact
the play throughout, like most of its
class, is limited in opportunities for an
exhibition of really good work.

The scenic necessities were consider-
ably above the ordinary, especially one
of the farm yard scenes, which showed
a "real live cow" browsing in the hay;
a duck and divers chickens, who did not
appear at all disconcerted in the glare of
the footlights. This scene was enlivened
by a one-round "fox" between two
scientific game cocks, which ended in a
draw. At least it was presumed to be
a draw, because they were separated be-
fore a knock-out was delivered.

While attempting to break into the
residence of Mrs. E. T. Wood, Stockton
avenue, San Jose, yesterday, J. W.
Thift, a prune-picker lately from Seat-
tle, was shot in the hip by C. A. Holt,
Mrs. Wood's neighbor, and after-
wards was arrested. The man denies
that he is a burglar, and asserts that
he had been drinking, was on his way
to his lodging and made a mistake in the
house.

Seal Brand Coffee

(In 1 lb. and 2 lb. cans.)

STRONG IN ITS PURITY CHASE & SANBORN

UNIONISM AND SOCIALISM.

Addresses By Mrs. Irene Smith and
Rev. Ben. F. Wilson.

To a large audience in the A. O. U.
W. hall last evening, Mrs. Irene Smith,
the Socialist woman lecturer, gave an
address on the subject of "Trades
Unionism and Socialism." G. W. Wilson
was present on the platform Rev. Ben.
F. Wilson and local candidates J. C.
Watters and O. Lee Charlton.

In opening her subject Mrs. Smith
said they were all struggling for one
great aim, viz., happiness and all that
word contained. The politics of Canada
and the United States were similar in
aim. The Conservative party stood for
practically the same as the Republican
party across the line; that was for the
millionaire, the extreme wealthy min-
ority and for the perpetuation of the
present wage system. The Liberal party
represented the middle class to a very
large extent, while the Socialist party
stood solely for the working class, and
was the largest of the parties, inasmuch
as it was international, covering the
whole globe.

Trade unions, said the speaker, had
done a power of good towards bettering
the lot of the workers, but they had
their limitations, and could do no more
than reform the present system. The
Socialists did not desire to patch up a
rotten government, but would rather
change the old coat for a brand new
one, and hence the reason for the revo-
lutionary characteristic of the Socialist
movement, which aimed at an entire
change of the existing competitive sys-
tem.

After an intermission, during which
Miss Kneeshaw rendered very effectively
one of her well-known songs, Rev. Ben.
F. Wilson delivered a brief address.

IN THE GOOD OLD SUMMER TIME

Everybody suffers more or less from
cramps, stomach pains, headache and
should have a bottle of that good family
remedy Polson's Nerviline always on
hand. "Just a few drops of Nerviline in
sweetened water makes a pleasant in-
spiring drink," writes B. A. Allen, of
Swansea. "It's just splendid for
stomach and bowel troubles, and stops
summer complaint at once. In our
house we use Nerviline for the pains
and aches of the whole family, and
seldom need the doctor because Nerviline
is always handy." Sold in large 25c. bot-
tles everywhere.

SCALED MT. BAKER.

David Ogilvy, a Resident of This City,
Ascended Mount Baker in 1898.

"Among those who came down on the
Princess Victoria from Victoria, B. C.,
last Saturday was David Ogilvy, one of
the pioneers in the Pacific Northwest.
Mr. Ogilvy is of Scottish descent, but
was born in Canada, and he has many
an interesting story to tell of his trips
through Iowa, Illinois and Wisconsin in
the early 50's. He came to Victoria in
1859, and has since made that his home.

"In 1868 he was one of a party that
climbed to the top of Mount Baker. The
party was headed by T. M. Solomon,
who was at that time a well-known
English traveler and explorer. While
on the mountain Mr. Coleman made a
number of sketches and these were pub-
lished in Harper's Magazine in the fol-
lowing year, in connection with an in-
teresting article descriptive of the trip.

"In the party were Thomas Shattou,
Mr. Tenen and General McKenney, all
well known pioneers in Washington.
When the top of the mountain was
reached the Doolittle was suit. Follow-
ing this an American flag, which had
been made by Miss Eldridge, a sister of
Mr. Eldridge, a well known citizen of
Whatcom, was placed on the mountain
top, where it was left. Beside the flag
was placed a copper plate bearing the
names of the exploring party.

"The ascent of the mountain was
made in August, and was not as diffi-
cult as might have been expected. Mr.
Ogilvy believes that his party was the
first party of white men to ever ascend
the mountain. He is greatly interested
in the history of the Northwest, and in
the few moments' time he had at his
disposal he mentioned many interesting

RAILWAY CROSSINGS.

Matter Left in Abeyance Until Engi-
neer's Report Is Received.

Ottawa, Sept. 14.—The C. P. R.'s ap-
peals from the order of the railway com-
missioners of the Privy Council was up on
Saturday, when the whole matter of the
Westminster waterfront and crossing at
Sapperton was again gone into. Mr.
Chrysler, K. C., of Ottawa, who was
chief counsel for the C. P. R., endeav-
ored to open up the rights of the city to
the waterfront, but Mr. Morrison, ob-
jected that this was not the subject of
the appeal, and the question was then
confined to crossings. It turned out that
Mr. Keefe, C. E., was asked by the
minister of railways to inspect the
crossing and advise the government. It
being really a question of engineering,
not as to whether there should be per-
mission to cross, the government will
wait until Mr. Keefe's report is re-
ceived. Mr. Chrysler, K. C., Mr. Mc-
Mullan, D. McNeill, Chas. Drinkwater,
Mr. McHenry, C. E., and Mr. Canale,
C. E., appeared for the C. P. R., and
Mr. Morrison, K. C., and Mr. McMullan,
C. E., of Vancouver, for the V. W. & Y.
railway.

SAVES FUEL AND HELPS TO PAY FOR ITSELF.

It is not the price you pay for a range which makes it
cheap or expensive, but the fuel it consumes after you get it.
If you buy a range which costs \$5 to \$7 less than a
"Pandora" and it burns a ton, or only half a ton of coal more
in a year, what do you gain? Nothing, but you actually
lose money, besides putting up with all the inconveniences,
troubles and extra work which are a certainty with a poor range.

The "Pandora" is equipped with many fuel-saving features,
which are not found on any other range. Hot-air flues are con-
structed so that all the heat from the fire-box travels
directly under every pot-hole and around the oven twice—
every atom of heat is used, and only the smoke goes up the
chimney.

Sold by all enterprising dealers. Booklet free.

THE CONSERVATIVE "TICKET."

At a meeting of the representatives of Conservatism in the city of Victoria, held last night, the nominations of the party managers were ratified. Messrs. McPhillips, Helmcken, Hayward and Hunter are in the field, and the triumph of the machine is complete. To avoid any such disturbance as has been caused in the Esquimalt district, it was thought advisable to go through the formality of holding a convention, but for all practical purposes it would have been just as well if the master mind had been permitted to have its way and the rank and file had been told that its duty was simply to vote for the men selected by the intellects of peculiar acumen which have undertaken to relieve the common people of the burden of discriminating between the fit and unfit. As announced in the Times last evening, it had been decided that the Attorney-General, the minister who is yet without a portfolio, but whose breast is filled with high hopes, the ex-Mayor who is a natural born politician and conservator of the rights and privileges of No One, and the shrewd individual who at a critical point in his public career threatened to seriously damage an opponent, who was thought to have designed upon an assured diet of "bread and butter" were to be the candidates of the Tory party in Victoria. The programme was carried out "to the letter." Now the insignificant mob whose duty is merely to vote according to instructions are in the position of their brethren of Esquimalt. Perhaps they are wondering how it was done. Possibly they may follow the example of a large section of the Conservative party in Nelson, of many of the other constituencies on the Mainland, and of a majority of the districts on the Island, and sink in their tents, leaving to the "workers" the impossible task of saving the government.

Evidently Mr. McPhillips has not yet been forgiven for the part he played in accomplishing the defeat of the Prior government and for the independence he displayed during his last term as a legislator. Even the prestige of his position as a cabinet minister scarcely saved the Attorney-General from being cast out into the darkness that pervades all beyond the pale of Toryism. Yet a greater calamity might have befallen this minister than rejection by the convention. A position alongside of that of Mr. Higgins as an independent supporter of the government might have been more tolerable than association with the trio who have been selected to meet the forces of a united Liberal party in this city.

A DELICATE TASK.

The Colonist begs for time to consider the matter of the nomination of Messrs. Hayward, Helmcken, Hunter and McPhillips. Why such hesitation? Can anything but commendation proceed from the organ upon the wisdom and foresight of the selection? Mr. Hayward has even been the friend of the paper when he was not assiduously working for the advancement of his own interests, public or private. Did not the Colonist insist upon the candidature of the gentleman who a few months ago, for the first time, humiliated his ex-Worship in the dust? We are quite sure the organ will do all in its power to atone for that great error of judgment. Its readers may to-morrow expect a lurid eulogy of the disinterestedness, the patriotism, the wisdom, the foresight, the hindsight and the general nobility of character of his ex-Worship.

As for the People's Harry, who can say a word in derogation of his course as a public man? There has never been the least shadow of turning in any of his actions, has there? Was there ever a man of such steadfastness of purpose, of such inflexibility of will, of such determinate character? The Premier is admittedly as weak and unstable as water, but with such stalwart as Harry

to stiffen his backbone, to hold up his hands when they get weary in well doing and to direct his course when his wavering and uncertain judgment is at fault, the province will be all right.

It is not so easy to say what the judgment will be upon the case of Mr. Joseph Hunter. It will probably be that the Legislature would be a dull place indeed deprived of the scintillating wit, the genial good humor and the generous bonhomie of this far from Canine Scot. Besides, there is the connection to be considered. It is quite as unique as that of Mr. Pooley, of Mr. Bryden, or of that of any of the other practical candidates who cannot be expected to lose sight of the "bread and butter" phase of the political situation. If our contemporary bears in mind the relation of the B. & N. to the nucleus of the campaign fund and the number of plumpers Mr. Hunter received last night, we are quite certain it will have nothing but that which is commendatory to say of the wisdom of the Conservative party in placing this candidate third upon the ticket.

The case of the Attorney-General is not so easy to deal with. Mr. McPhillips, unfortunately, has a political past. Not so many weeks ago the Colonist was quite sure he had no future. Naturally our contemporary desires time to reconsider the things it said such a short time ago. If in its quest of new qualities in the political make-up of its learned friend our contemporary grows too enthusiastic we shall be tempted to examine back files and to quote from them.

ESQUIMALT.

Both Mr. Higgins and Mr. Pooley have announced themselves as Conservative candidates in the Esquimalt district. Each of the gentlemen came out of his own volition, and yet the organ of the government in this city has taken the one to its bosom and has read the other out of the ranks of the party. Mr. Higgins is assailed with a violence which would possibly have been reserved for Mr. McPhillips if that gentleman had not by a very narrow majority scored at the convention held last night. As between Mr. Pooley and Mr. Higgins as citizens there does not appear to be much choice. Both have gone in and out before the people of Victoria for many years, and we have yet to hear of the individual who could point the finger of scorn at the private record of either. The one is a Tory by nature and disposition; the other has been all his life a Conservative. Each has sat as the representative of Esquimalt in the British Columbia Legislative Assembly. By what authority does the Colonist undertake to say that the one shall be granted and the other denied the right to appeal for the suffrages of the people of the old constituency? If it be true that Mr. Higgins will take more votes from Mr. Jardine than he will draw away from Mr. Pooley, the Conservative party should encourage him in his intention of appearing as a candidate. It should instruct the organ which poses as its mouthpiece to exercise better judgment in its criticism. But we doubt the sincerity of the declaration that the presence of Mr. Higgins in the field will strengthen the cause the Colonist has in its own peculiar way so enthusiastically espoused. It appears to us that there is a concern deeper even than concern for the fate of the McBride government at the bottom of the organ's abuse of Mr. Higgins. The "bread and butter" candidates are scarcer than usual, and their prospects more dismal than usual. The defeat of Mr. Pooley would be a serious blow to the interests which have hitherto dominated the public life of British Columbia to her hurt. If virulence on the part of the organ and a plentiful supply of "boodle" from the same source from which it strengthens its sinews can avert such a calamity the interests will be adequately represented. The power has already gone forth to vote in Esquimalt constituency. But he is being watched.

A JUVENILE'S RUMPTIOUSNESS.

Premier McBride has been pleading with the people of New Westminster not to turn their backs upon "The Boy." The Boy is the Premier himself, and it must be admitted that his remarks have a truly juvenile ring. Mr. McBride is always saying things "right here." One of the statements he made "right there" was that the present government would not have been able to treat with the Grand Trunk Pacific Railway Company if Colonel Prior's administration had been permitted to give away practically the whole of the northern part of the province to secure the construction of the Canadian Northern Railway. Such a statement as that is not likely to have a soothing effect upon the ranking wounds that are still painfully affecting a large section of the party in this city. But why need The Boy bother his head about the terms of the entrance of the Grand Trunk Pacific Railway Company into this province? That matter has been arranged by a government which it is not stretching a point to say is much more competent to deal with the question than the crude administration of which The Boy is the irresponsible and fitting head. We have no doubt the Hon. Richard would be glad of an excuse for dealing with the Grand Trunk Pacific. He had hopes at one time, ap-

parently, that some sort of an arrangement could be arrived at which would have left something substantial in his hands, and which might have been utilized with advantage in the elections. But the bargain of the Liberal government at Ottawa was so complete in every detail that the emissaries of The Boy came home empty-handed. Now the juvenile head of the government is breathing out threats in his own simple way about what he will do to the Grand Trunk if it does not come to his terms. He evidently has some kind of hazy dream that he can keep it out of the province altogether. If it dares to employ Oriental labor he will boycott it; if it does not grant him the power to supervise the rates it proposes to charge he will get out an injunction against it, or do some other hasty and ill-considered thing. Let us see: Was it not the great Conservative party of which Mr. McBride promises to become such an ornament when he outgrows his juvenility that specially granted the C. P. R. permission to import Chinese laborers in order that that first Canadian transcontinental railway line might be cheaply built? And the Chinese have been with us every since, the party in which The Boy is so proud to belong and to lead in his own childish way absolutely refusing to do anything to remedy the wrong it thus inflicted, resisting through its representatives in the Senate even up to the present year the remedial measures proposed by the Laurier government. As for the regulation of rates on the Grand Trunk Pacific, they will be attended to by a stronger government than Mr. McBride is ever likely to lead. The Grand Trunk line will be built in spite of the loyalty of the McBride government, which evidently thinks it is in duty bound to support its friends at Ottawa even at the expense of the well-being of the province whose interests should be considered paramount.

LIBERAL CONVENTION.

All sympathizers with the Liberal cause are requested to bear in mind the convention for the nomination of candidates in the Liberal interest, which will be held at the A. O. U. W. hall to-night at eight o'clock.

A Helena, Mont., dispatch says: "No trace has been found of the three Drake brothers, of St. Louis, who are believed to be lost in the Lolo mountains, where they went six weeks ago to hunt. The snow is falling rapidly in the mountains, and it is feared if the men are lost they will never get out. They had provisions for only two weeks."

UNMISTAKABLE SIGNS OF CATARRH.

If you have a ringing in the ears, drooping in the throat, bad breath, headache, morning sickness, bad taste in the mouth—then it's catarrh. Use Catarrhose Inhaler four times daily and eradicate this awful disease from your system. Catarrhose kills the germs, heals the inflamed membranes, clears nose, throat, and any passages by one application. Catarrhose quickly remedies the head aches and deafness, prevents drooping, and is warranted to absolutely cure all forms of Catarrh, Bronchitis, Asthma and Lung Troubles. Two months' treatment costs \$1.00; trial size 25c. Druggists or N. C. Polson & Co., Kingston, Ont.

PHONES 425 AND 450.

City News in Brief.

—Mrs. J. D. Heincken will sing at the Stock-Ritchie concert, September 17th, 8.30.

—Going to Vancouver or Westminster? Take the Terminal railway at 7.00 a.m. daily.

—C. E. Heard, Rupture Specialist, leaves town again Saturday, Moody block.

—C. W. Rogers has bought a portion of the property on Government street next to Weiler Bros. Mr. Rogers intends building immediately.

—A meeting of the directors of the Provincial Royal Jubilee hospital will be held at the board of trade building at 8 p.m. on Thursday, September 17th.

—The Mothers' Club will meet at Spring Ridge school on Wednesday, 16th, at 3.30 p.m. Subject, "Purity," by Mrs. Sherwood. All interested are cordially invited.

—While W. H. Lee was out driving at Texada Island, he was thrown from his buggy in a runaway accident and sustained a broken arm, several broken ribs and internal injuries.

—The Retail Grocers' Association will hold their regular meeting commencing at 8 o'clock at the Sir William Wallace hall, Broad street. Important business will come up for consideration.

—The funeral of the late Mrs. Hans Helgeson will take place on Thursday afternoon. It will leave her late residence in Metchoin at 2.30 in the afternoon and later from the church.

—"Tennyson's Life and Work" will be the subject of a lecture to be delivered this evening in the schoolroom of Calvary Baptist church, by Rev. J. G. Matthews, M. A. A collection will be taken.

—The first annual committee rally of the Y. M. C. A. will be held on the 23rd inst. at the club rooms, when plans for the season's work will be considered. An excellent musical programme will be rendered, and supper will be served.

—The master mechanic's pure tar soap cleans and softens the skin, while promptly cleansing it of grease, oil, rust, etc. Invaluable for mechanics, farmers, sportsmen. Free sample on receipt of 2c. for postage. Albert Toilet Soap Co., Mrs. Montreal.

—You can save money by patronizing home companies. The rates charged by The Mutual Life of Canada are lower than those of American companies. It is also a fact that The Mutual Life of Canada has paid better results on its matured policies. For rates and information apply to R. L. Drury, Provincial Manager, 34 Broad street.

—A letter received from the North to-day states that the railway company's steamboat service has griped with the situation, and that all freight will easily get through to Dawson. Steamers are lightened at Minto by unloading part of their cargoes on to scows, which are pushed up river from Dawson. In this way heavy loads are taken down, as there is plenty of water above Minto to White Horse.

—Leonard Cartwright passed away yesterday. Deceased was 23 years of age, and a native of East Sooke. He leaves to mourn his loss a mother and father, residing at East Sooke; three sisters, Mrs. E. Faulkner, Mrs. A. Forrest and Mrs. H. Archment, and one brother, J. Cartwright. The funeral will take place from the residence of Robt. Archment, No. 39 Quadra street, at 2.30 o'clock to-morrow afternoon.

Tourists visiting Victoria should not fail to take the famous trip through the Gulf Islands. Trains connecting with steamer leave Wednesday and Saturday at 7 a.m. from V. & S. Railway Depot. Round trip, \$1.50.

—There was a fairly good audience at Metropolitan League meeting last evening, held under the auspices of the literary department. W. M. Ritchie gave a lecture with stereoscopic views, which was very instructive and much enjoyed by those present.

—The Victoria Hunt Club held a committee meeting on Friday evening last, when arrangements for the paper chase season were completed. After considerable discussion it was decided to hold a symposium at Colwood on October 17th next. Lieut. Blandy, R.E., was appointed secretary for the season.

—Arrangements have been made by the Y. M. C. A. for what promises to be a first class entertainment. Miss Edna Sutherland and Miss Merrielle G. Patton have been engaged to appear here in the near future. They have an excellent programme of sketches and stories, songs and ballads are highly praised by the Eastern Canadian press.

—A meeting of the local Council of Women was held yesterday afternoon in the city hall, when it was decided to arrange a reception to Miss Perrin on her return from England in October. The committee having in hand the superintending of the equipment of a classroom for the instruction of public school pupils in domestic science, reported that the work was completed. Mrs. E. S. Rowe submitted her resignation as vice-president, which was accepted with regret. Mrs. Justin Gilbert was elected to fill the vacancy.

—Domas Vale jumped aboard from the steamer George E. Starr, and was drowned off Point Wilson on Sunday. Vale was a young man of 20 years of age. He had been engaged to a young lady at Whistler, whose parents objected to his proposed marriage. The young lady finally engaged her lover to leave for a period of six months, expressing the opinion that on his return full consent to the union would be forthcoming. On the steamer Vale declared his intention of committing suicide, and had a letter addressed to his sweetheart by an acquaintance. He afterwards secured a photo of her from his baggage and clasping it closely jumped into the sea.

—The bill at the Orpheum theatre this week is an exceptionally strong one. Brady and Hamilton, western vaudeville stars, present a very laughable Irish sketch, and scored a decided hit last evening. Ray Duncan, one of the best impersonators of "Weary Willie" on the coast, keeps his audience in roars of laughter with his witty sayings. His buck and wing dance, with wooden shoes, is unusually clever. W. P. Richardson, the exponent of black face comedy, entertains the audience in songs and dances, accompanied by himself on the mandolin. Harry Du Ross has returned from his week's vacation, and resumes his operatic selections. This week Mr. Du Ross sings "On Yonder Rock Reclining," considered the gem of all the selections of the beautiful opera "Fra Diavola." The illustrated song, "Down on the Farm," is one of the prettiest yet introduced in Victoria, and is well rendered by Mr. Du Ross. The moving pictures are new and highly entertaining, the long scene being particularly good. For the balance of the week the evening performance will begin promptly at 7.30 o'clock, afterwards at 9.

CANADIAN HISTORICAL SCENES.

Interesting Series Will Be Commenced in the Times on Saturday.

The Times has made arrangements for the publication of a splendid series of pictures, depicting incidents in Canadian history. With each picture will be given an outline of the event it is intended to portray, and the younger readers of the paper will be asked to name the incident from the data furnished and the picture shown. Teachers will find the series an invaluable adjunct in their work.

The school children are asked to send in their answers to these historical puzzles, which will commence in Saturday's issue. Answers should be addressed to "Puzzle Department, Times," and the names of those sending in correct ones will be published, together with the answer, on Saturday of the week succeeding that on which the puzzle appears.

—Stock-Ritchie concert, Institute Hall, Thursday, September 17th, 8.30.

PLANS OF WHARF
TO BE BUILT HERE

ARE NOW ON FILE AT
THE REGISTRY OFFICE

Mount Royal and Nell Arrived From the
North Last Night—Former's
Successful Season.

With a harbor frontage of 600 feet, facing James Bay, the C. P. R. wharf, it said, have ample accommodation for their new ferry the Princess Victoria. The plans for the new wharves are now complete. They call for structures unique in the building of wharves on this coast. That section, abutting on Belleville street, it is said, will have a double story, the lower portion being for handling of freight and baggage and the upper for passenger travel. Through this facility arrivals on the steamer can disembark, walking from the wharf to the street immediately beyond without making any ascent. The design calls for a jetty beyond the main structure, connected with it at one end, but separated for the greater distance of its length in order to form a channel between the wharves. The steamer it would appear come directly into this on her inner trip without the least possible delay in any kind of weather.

According to the plans on file in the land registry office of this city, it is intended to build 480 feet west from Menzies street into navigable water. It is proposed to make a filling or embankment across the whole property, the face of which shall intersect the west side of Menzies street, produced northward at a distance of 85 feet from the north side of Belleville street. The wharf shall intersect the west side of the C. P. R. property produced northward at a distance of 225 feet from the north side of Belleville street. It is proposed, the specification state, to build a wharf or jetty from the front of the above described embankment, which shall be exactly parallel to the face of the same, said wharf to be 100 feet wide and rear or face of same to be situated 100 feet north of the embankment measured at right angles to the same and front or north face of wharf to be 430 feet in length—measured from the west side of Menzies street produced. Also, approach from the embankment above described.

LIBERAL CONVENTION.

All sympathizers with the
Liberal cause are requested
to bear in mind the conven-
tion for the nomination of
candidates in the Liberal in-
terest, which will be held at
the A. O. U. W. hall to-night
at eight o'clock.

to wharf 400 feet in width, to build adjoining the west end of Menzies street produced.

To the westward again of the new C. P. R. wharf it is stated that another property has been acquired with a view to erecting a wharf.

"The long-expected wharf construction at Vancouver by the C. P. R. promises now to become a reality," says the Vancouver World. "The Tatlow property, east of the present Canadian Pacific wharves, has passed into the hands of the big company and Mr. H. J. Cambie is now in Montreal arranging for the wharf extension. The plan of construction calls for five piers, each 650 feet long by 175 feet wide, with two warehouses on each 50x150, and a railway truck between. No. 1 pier, on which construction is to be started first, will be at the foot of Thurlow street and the rest of them between there and Seymour."

NEAL RETURNS.

Among the arrivals from the north last night was the steamer Nell. The vessel called at Vancouver on her way down, and was there lightened of considerable cargo as also a good number of passengers. One was landed at Bella Coola on the way south, he being Peter Herman, the Liberal candidate for the Skeena river. Fifteen hundred cases of salmon were landed at the Terminal City, and another 1,000 cases were taken to this city. A number of passengers from the upper Skeena and from Ketchikan were among the passengers who came on to this city on the steamer.

STOPPED AT VANCOUVER.

Capt. McLeod, of the steamer Princess May, which reached Vancouver from the North yesterday morning, arrived from the Terminal City on the Princess Victoria last evening. His ship had 70 passengers returning. She would have continued her voyage to Victoria, but for the large amount of freight awaiting shipment on her from Vancouver. She will in consequence leave the Terminal City for Skeena this evening.

According to advices received by the steamer, Dawson has recently been visited by heavy rains, as a result of which there has been great activity along the creeks. All season the scarcity of water has hindered work on the claims, but lately there has been plenty of water,

and accordingly all the operators have had extra men working three shifts. September 3rd was the banner day for receipt of gold at the Dawson bank. An estimate was made, and it was found that over a million dollars in gold dust was taken to the city on that date.

Excitement has prevailed in Dawson over the report of pay dirt having been found at the head of Albert creek, in the heart of the city.

Three sluice box robberies are reported to have taken place on Sulphur August 28th, one at 20 above and the others at 12 and 10 above the sluice. The amount stolen is variously estimated at from \$2,500 to \$4,000.

The Skagway Alaskan says: "A strike made last July on Jackson creek, a tributary of Hootch river and about a half mile below the lake of that name, is now beginning to attract attention. Recently others learned of the strike, and there has been quite a stampede to the creek, which is only 75 miles from White Horse."

The Coal Creek Coal Company's railway has recently been completed. The road will be put to service immediately, and coal from the mines which it taps will be landed in Dawson within a few days. The road complete is eleven and one-half miles long. The bunkers, the wharves, and other equipment in connection with the road have been installed and are ready for service. The bunkers at the Coal Creek landing have a capacity of 500 tons, and are provided with gravity chutes from which steamers or barges can be loaded at the rate of 500 tons of coal an hour. The coal deposits extend four miles along the front of the hill at Coal creek.

BUSY SEASON.

After one of the busiest steamboat seasons the north has ever seen the Hudson Bay steamer Mount Royal returned to Victoria from the Skeena river last night. The vessel is here to lay up for the winter, and Chief Engineer Hickey is to-day superintending the taking of the machinery apart at the Victoria Machinery Depot.

During the season the Mount Royal made nine trips up the Skeena and five up the Stikine. Both she and the Hazelton, her only opposition on the two rivers, have been doing an immense business. They have carried on their respective runs about all the cargo they could handle. On the Stikine the passenger traffic was particularly heavy, and on one voyage alone the steamer was crowded with tourists from Wrangell and Juneau. Members of the crew of the steamer say that this business has developed wonderfully during the past year, and they look forward to an extremely busy season next year. Since there has been some favorable prospect of a railway being constructed to the coast in the northern part of the province they state that the number of people travelling in search of timber lands, of mineral property and on various other missions have been surprising.

The Mount Royal left the Skeena four days ago and came along at easy stages. After she sailed from the river the Hazelton expected to make another run to the Skeena, but the crew of the Mount Royal say that there is now considerable risk about the trip as the water was getting very low. In all her travels during the year the Mount Royal never received a scratch, a record which stands to the credit of Capt. Johnstone, who commanded her.

TRAFFIC INCREASING.

The San Francisco Examiner says: "The Pacific Coast Steamship Company has decided to increase the rates for passenger travel between this port and southern coast ports. The decision was arrived at recently and the new tariff will go into effect immediately. The increase in rates only affects the travel between this city and Santa Barbara, Los Angeles and San Diego. The passenger rate to Santa Barbara has been raised from \$9 to \$10; to Los Angeles, from \$10 to \$12, and to San Diego, from \$12.50 to \$15."

"The company operates the steamers Santa Rosa and State of California to the three southern ports and the passenger traffic is very heavy. The trip to the southern part of the state by water is growing in popularity with the travelling public. Every steamer carries between 200 and 300 passengers and only a few days ago an extra steamer had to be placed on the run in accordance with the passengers. It is not thought that the increase in rates will cause the traffic to fall off."

CAPTAIN IS ARRESTED.

Captain James Brown, late of the treasure-hunting schooner Hegman, has been arrested at San Francisco on five charges of assault committed while on the high seas on the person of R. K. Kitchin, the Herman steward.

The captain denies having at any time maltreated the complainant and declares that nothing more serious than spite inspired his arrest. The real complainant, he declares, are the men who failed to find the treasure and who are holding him responsible.

COMMODORE GOODRICH.

Commodore Goodrich, who will succeed Rear-Admiral Bickford in command of the Pacific squadron, entered the royal navy in June, 1864, at the age of 14 as a cadet; was promoted sub-lieutenant in 1870, lieutenant in 1872, commandant in 1888 and captain in 1895; his first command in his present rank being

that of the Pearl, cruiser, on the North America and West Indies station. Like Admiral Bickford the commodore-elect is a gunnery specialist. The King conferred the M. V. O. for services in connection with his visit to Naples last April, when Capt. Goodrich commanded H. M. S. Loddon.

Admiral Sir Charles F. Hotham, K. C. B., who commanded the Pacific squadron 1890-92, on hauling down his flag at Portsmouth was placed on retired pay.

The appointment of Engineer-Commander George L. C. Perkins to H. M. S. Grafton for duty at Esquimaux, is announced. Commander Perkins got his first appointment in 1883, and was promoted to his present rank a few weeks ago. He was assistant engineer of H. M. S. Belton during the naval and military operations at Suakin 1884-85, for which he wears the medal and bronze star. He was lately employed as overseer at Clydebank yard.

VESSEL'S NARROW ESCAPE.

Mail advices received from Sydney, New South Wales, tell of a disastrous fire involving damage to a general cargo of \$180,000, and the narrow escape of a fine merchant vessel—the four-masted barque Earl of Dunmore. For a whole day two steamers continued to pump water into her from a dozen lines of hose, and the vessel settled deeper and deeper. The ship had to be absolutely filled to overflowing before the flames were subdued.

The bulk of the cargo was covered by insurance in Australian and British companies.

ORIENTAL LINERS.

A couple of large Oriental liners are due from the Far East to-day. The Plinius is expected with a good freight from China and Japan for local merchants, and the Empress of India should also arrive before night. She has 2,800 tons, of which 550 tons is silk, valued at \$2,000,000. She also carries 50 saloon and 225 steerage passengers. While these ships are due to-day, two are loaded on the Sound ready to sail. These are the Shawmut and Hyades, which will carry 22,000 tons of general cargo.

MARINE NOTES.

The keel of the new steamer Jefferson has been laid at Tacoma, and work will be pushed along as fast as possible, so that the vessel will be finished by May 15th, 1904. She is to be 224 feet instead of 215 feet in length, and 38 feet beam, and will have 82 berth rooms.

Reinsurance rates on the overdue German ship Sirius have been advanced from 55 to 60 per cent. The vessel is 144 days out from London for Chile, and the underwriters are becoming worried over her long passage.

Steamer Callam will bring a large excursion from Everett on September 17th (Thursday), arriving here at 1.30 p.m. and leaving again at 5.30 p.m.

The Australian steamer Kobe, with 3,350 tons of sugar for the B. C. Sugar Refinery, has arrived at Vancouver from Java.

COMMUNICATIONS.

CONSERVATIVE "HARMONY."

To the Editor:—One cannot smile without a feeling of disquiet at the ridiculous report the correspondent of the Colonist saw fit to forward to that paper of 13th inst., and were it not for the unfounded blow and bluster which they are using, probably affecting this or any other constituency, I would deem it lost time taking any notice of it. The fact is they find themselves very weak, hence such reports. By them they think they can prey upon the feelings of the voter that wishes to be on the winning side. The fact is Mr. Bryden was nominated two or three weeks ago, but had repeatedly refused to stand, till on the 12th inst. certain magnates came up here from Victoria, held a caucus, then he had decided to run, and that on the eve of a settlement of the question by the public. With regard to the Liberal nominee, he has never arrived. He stands by the party and the party by him. He is one of those hardy sons of toil, a blacksmith and a man who has been prominently identified with the Liberal party all his life. I think, sir, he could teach the Conservatives here, their nominee and their correspondent included, many things in politics they really don't know. As for dissatisfaction in the Liberal ranks, that assertion is entirely unfounded, as also the report that he will withdraw. There is nothing but perfect harmony among us, as also in the outlying parts, but, on the other hand, there is dissatisfaction in the Conservative camp. A great many are in favor of withdrawing their nominee and aiding the Liberals, while a few want to fight it out. The former idea does not find favor with the professional politician or the company, so that we will have a triangular fight, in which event there is liable to be a Socialist elected. Then the Conservatives will realize their position very keenly.

Ladysmith, Sept. 14th, 1903.

"CASTLE CARY" LET IT BE.

To the Editor:—There cannot be any question as to the proper name of the Lieutenant-Governor's house. The land was bought, and the original house built in 1801, or 1802, by George Harris (not Cary), who, as the first attorney-general of Vancouver Island, played a leading part in public life here from 1800, until his health failed in 1804, when he returned to England and died. He was Sir James's official legal adviser during the San Juan affair, and afterwards generally, so far as Vancouver Island was concerned; a tallish, fair young man, a big legged, and with a splendid hawk-like nose. Napier of Scinde—ambitious and able, but not organized well physically. It was said he had been a favorite, so to speak, "pupil" of Sir Hugh (afterwards Earl) Cairns. He and I were intimate, very, and, together, examined many sites before he decided where to build. The question as to the present site was whether the scenic beauty would compensate for the exposed situation. Now, as to the name in question, I happen to know its origin precisely, from colloquy over the walnuts. A West of England man, claiming (I believe correctly) some connection by descent from the old Cary family, whose names live in the pleasant Somersetshire postal town of "Castle Cary," my friend took that name for his house, but he objected strongly to "Cary Castle" as historically linkless and as too cumbersome on his part. The name "Castle Cary" had easy vogue, being familiar to the numerous West of England folk then here. Thomas Harris, the first Mayor of Victoria—a 300-pounder with as neat a figure as you could see on a horse—came from the neighborhood of Castle Cary. (Cridge, Cress, Watcom, Barwell, Wadsworth, Fry, Matthews, Davis and many others were West of Englanders.) The name, too, "Castle Cary" goes trippingly from the tongue; you could not get a genuine Somerset maiden to use the term "Cary Castle." And see how, apart from euphony, that particular form of expression has become common in America carried thither by thousands of gallant banished West of England men—Hotel Smith, Hotel Snooks, Hotel Northern and so forth. There is a "Cary Castle" (so spelt) in Scotland of course whatever subject you start, Scotland must be in it, but Mr. Hunter Cary never knew that fact till I told him of it, and, anyway, it has no bearing on the present question.

The above is my recollection (and that of hundreds of your readers), but as your correspondent, Mrs. Atkins, says: "There never was no such man" as Cary, and, as to contradict a lady is not good form, we will let it go as a dream of mine—illusion being the charm of life—and pass on to another subject which I hope you will let me mention, namely, the lately rumored intention of some

Cook's Cotton Root Compound.

Ladies' Favorite. In the only safe, reliable remedy which women can depend "in the hour and time of need." Prepared in two degrees of strength. No. 1 and No. 2. No. 1—For ordinary cases. No. 2—For special cases—10 degrees stronger—three dollars per box. Ladies—ask your druggist for Cook's Cotton Root Compound. Take no other as all pills, mixtures and imitations are dangerous. No. 1 and No. 2 are sold and recommended by all druggists in the Dominion of Canada. Mailed to any address on receipt of price and four-cent postage stamp. The Cook Company, Windsor, Ont.

No. 1 and No. 2 are sold in all Victoria drug stores.

ASSOCIATION FOOTBALL. MEETING THURSDAY.

A meeting of the Victoria Association Football Club was called for last week for the purpose of organizing for the season. Owing to the comparatively poor attendance, it was decided to adjourn the meeting until Thursday evening next. All members are earnestly requested to be present on this occasion.

Although the outlook of the senior and intermediate district leagues for the ensuing season is not bright, it is different with both the senior and intermediate provincial leagues. From present indications there will be more teams than usual in the senior league as it is the intention of Vancouver to enter two teams. These, together with the Nanaimo and Work Point Barracks eleven and Victoria teams, will make one more team than last year. It is understood that the two local teams, Victoria and Columbia, intend uniting forces this season for the purpose of capturing the championship trophy. There will also be keen competition in the provincial intermediate league, as a determined effort will be made by Victoria teams to capture the championship. The district junior league will be keenly contested as usual.

THE RING.

ATTELL V. RITCHIE.

Local enthusiasts are looking forward to the contest arranged to take place on Friday evening at the Savoy theatre between Caesar Attell and Jack Ritchie. The general opinion is that this battle will be one of the most hotly contested of any yet seen in Victoria. Both men are about the same build and much the same weight. Attell's record while in this city has been, with a single exception, one of victories, and when he meets Ritchie he will do his utmost to maintain this reputation. Attell has been in active training for the past week, and he always keeps himself pretty well in trim by Friday his condition should be perfect. On the other hand, Ritchie comes from Seattle, having won most of the fights in which he has taken part this season. A general admission fee of 50 cents will be charged.

REFEREE'S REPLY.

Referee Fitzpatrick, who officiated at the recent fight at Vancouver between Memsie and Long, has this to say in answer to the severe criticism to which he has been subjected: "I could do nothing else but declare Memsie the winner. A referee is bound to make a decision and meet with criticism, as he cannot please everyone. Why, a close relative of mine who has money up the other way, asked me why I had been such a dud as to give the decision I did. I will say, however, that a man could not have been honest and given any other decision. I kept tabs on every round, and the reason I gave the fight to Memsie was this: In the first nine rounds Memsie had the best of it; he was banging Long all over the ring, and landed when he liked. He had him bleeding like a stuck pig, and if Long had not been in good condition he would have gone out. Long woke up after the ninth and started to save himself, and in the tenth, eleventh, twelfth, thirteenth and fourteenth rounds honors were even, while in the fifteenth, sixteenth and seventeenth Long had the best of it. But those blows of Long's to the body were not effective. He only landed square three or four times. The rest were blocked by Memsie's gloves. The eighteenth, nineteenth and twentieth rounds were all Memsie's, and in the twentieth Memsie was fresh and aggressive and Long was all in. One blow was delivered by Long which was an effective blow on the chest, which made Memsie wince. It was the only telling blow that he delivered. Long fought fairly; I had to warn Memsie once for getting down too low. I told him if he did it again I would give the fight against him. In face of the fact that the rounds from one to nine were Memsie's, and from nine to fourteen even, and that the eighteenth, nineteenth and twentieth were Memsie's, I could do nothing else but give Memsie the decision. But refereeing is an unpleasant task, for no matter how hard you try to be fair, people abuse you. I will referee no more fights in Vancouver."

LACROSSE. VICTORIA V. SEATTLE.

Referring to the game played the other day between Victoria and Seattle, the Post-Intelligencer says: "In the presence of a larger crowd than has been seen at Recreation park in a long time the Seattle lacrosse team won from the Victoria team by a score of 8 to 6. The Seattle team has not been in existence very long, and it was the first match game the boys have played this season. Incidentally the game gave the spectators an insight into the fine points of lacrosse which will be remembered in the future. Several times good work on the part of the players on either team brought the crowd to its feet with cheers, and when the Seattle team tied the score and finally got ahead of the visitors the enthusiasm waxed furious."

"A large crowd of excursionists from Victoria accompanied the team to Seattle and rooted for their home players with royal good will. 'The Seattle players outclassed the visitors as far as individual play went, but the visitors' team work was beautiful to watch. Time and again the ball was passed along from one goal to the other, and only the hardest play on the part of the Seattle defence kept the Victoria boys from winning.'"

ATHLETICS.

MEETING TO-NIGHT.

This evening a meeting of the board of management of the James Bay Athletic Association will be held at the club rooms. Important matters will come up for consideration, among which will be the deciding as to what branches of winter sport will be taken up by the club during the ensuing season. The committee in charge of the arrangements for the N. P. A. A. which was carried off with every success about a month ago, will, it is understood, submit a budget of recommendations which will in all probability be adopted. Among other things the committee will advise the club to arrange to hold a field day every fall before the annual N. P. A. A. meet takes place. This will, of course, have the effect of giving local athletes some encouragement to train. After having participated in the local meet, the successful ones and any others who may desire will be in every way ready to enter the N. P. A. A. events. Arrangements for the organization of the Rugby team will also be considered at to-night's meeting.

As was announced some days ago, it is the intention of the J. B. A. A. to organize a barrier club this winter. A great deal of interest is being taken in this step. Organizations of the same kind are being formed throughout Canada, and are generally meeting with the greatest success. The Toronto News says: "The Orton Harrier Club, that started a few years ago with a very small membership, is now the principal club in Toronto in this kind of sport, and through the enterprise shown by their committee the

Wardaker
AUCTIONEER

Rev. W. Leslie Clay last night united in the bonds of matrimony August Pendola, of the engineering staff of the steamer Princess Victoria, and Miss Annie McIntosh. The ceremony took place at the residence of Geo. Meldrum, 67 Frederick street. J. Cathart supported the groom and Miss Workman acted as bridesmaid. J. McIntosh gave the bride away. Only the immediate friends and relatives of the contracting parties were present. Mr. and Mrs. Pendola left on the Sound steamer for a honeymoon town of Washington and Oregon.

Major-General Parsons left for the East last night, having yesterday inspected the Royal Army Medical Corps, the Royal Garrison Artillery and the Work Point barracks. Major-General Slade, accompanied by Mrs. Slade and his aide-de-camp, Capt. Hall, are expected on Thursday. The Major-General is inspector-general of the Royal Artillery. He is now on his way to the coast, and after visiting this city will proceed to San Francisco and thence East via American route.

It is reported that the property on which the Balmoral building now stands, belonging formerly to the Bogle estate, has been sold to C. W. R. Thompson. This is but one of many recent land transfers reported during the last few weeks. One real estate man stated to a Times representative this afternoon that business has been pretty good of late, and by way of illustration said that on Saturday his firm sold between seven and eight thousand dollars' worth of real estate situated within the city.

LIBERAL CONVENTION

FOR THE
NOMINATION

OF

CANDIDATES

A. O. U. W. HALL

To-night

AT 8 O'CLOCK.

All friends of the Liberal cause are invited to attend.
Doo's open at 7:30.
Tickets of admission can only be obtained at the door.

WELCOMED THE PROFESSOR.

Pleasant Reunion of Toronto University Graduates Held Last Evening.

Graduates of Toronto University and Trinity-Medical school, residing in the city, last evening gathered at the residence of Chief Justice Hunter to welcome Professor London, president of the university alumni, and Professor McLennan, of Toronto University, who are now visiting in the city. The gathering was of the most enjoyable character, and the distinguished visitors were accorded a right royal reception.

Pleasure was combined with business of an important character. A local branch of the Alumni Association of Toronto University was established for Vancouver Island, the following officers being elected: President, Chief Justice Gordon Hunter; secretary, treasurer, Mrs. A. T. Watt; vice-presidents, Dr. Milne, Rev. Dr. Campbell, L. P. Duff, B. A. L. B.; councillors, Dr. A. T. Watt, Dr. McEneaney, Mrs. McKenna, Cleland, W. W. B. McEneaney and Wellington J. Dowling.

EXHIBITION ATTRACTIONS.

Some Special Features of Big Fall Fair in This City Next Month.

Arrangements advance space for the exhibition to be held here from the 6th to the 10th of next month. The management are continually adding attractions to the already lengthy programme in order that there will be no lack of entertainment. Mrs. Hill's children have been engaged to provide dancing, and will give the Highland Fling, a sword dance, the Shorn Treasures and Irish Jig, and another recent engagement announced is that of Mrs. Jennie Haughton Edmonds, a Seattle vocalist, who will sing each evening.

The "Rest Tent," which proved so useful on the grounds last year, will be taken in hand by the Ladies of Macleod again this year, and will occupy its former position.

Among the subscriptions to date received from the citizens are the following: J. H. Todd & Sons, \$25; Jos. Boscowitz, \$20; Pittier & Leiser, \$20; E. B. Marvin & Co., \$10; Peter McQuade & Sons, \$10; Geo. Munroe & Co., \$5; Wood Bennett, Sons & Co., \$5; Lenz & Leiser, \$5; Clarke & Pearson, \$5; Dix H. Ross, \$5; McDowell & Ross, \$5; Fell & Co., \$5.

TOOK A SUPPLY TO THE SEASIDE.—A Toronto mother who has brought up babies on life-giving Lactated Food writes thus: "This summer we decided to go to one of the St. Lawrence seaside resorts for a month or six weeks. Before leaving I made up my mind to take with me a good supply of Lactated Food for my baby, but two months ago, at the seaside, baby's diet day and night was Lactated Food, on which he made wonderful progress, and we brought him back to Toronto strong and healthy. I can with confidence recommend Lactated Food as the best nourishment for babies. This is my experience after having used it for three children."

PERSONAL.

Stephen Jones, the proprietor of the Dominion hotel, leaves this evening on an extended trip through Eastern Canada and many of the larger cities in the States. His itinerary includes Winnipeg, Toronto, Montreal, Quebec, Ottawa and Canton, Ont. (the place of his birth), in Canada, and on the American side, St. Paul, Chicago, St. Louis, Buffalo, New York, Boston, Philadelphia and Washington. The tour will continue through Florida to New Orleans, returning by way of Mexico, El Paso and Southern California. Mr. Jones will be absent between two and three months, and during his absence Thomas Stevenson, the chief clerk of the Dominion, will undertake the management of this popular hostelry.

Wm. K. Leighton, one of the British Columbia representatives to the convention of the Fraternal Order of Eagles held several weeks ago at New York, has returned and is among the guests registered at the Victoria hotel. Mr. Leighton is from Nanaimo. He reports that delegates were entertained royally. Towards the close of the convention a grand banquet was given at the Waldorf-Astoria. About 600 partook of the good things provided. Mr. Leighton will leave for the Coast City by the train tomorrow morning.

N. McArthur, of Durham, Ont., is at the Dominion. Mr. McArthur formerly resided in this city. He was successful in the Yukon and afterwards purchased land in Victoria with the idea of residing here permanently. Later, however, he decided to move to Ontario. A year or so of Eastern life decided him to again settle down here, and yesterday he arrived in the city.

Miss Margaret Langdon, R. J. Ferris, Mrs. H. Lawless and Miss Sylvia Norton are among the tourists visiting the city. They will spend several days here taking in the sights, and are registered at the Hotel Victoria.

P. J. Pearson, who is interested in a mining property known as the Southern Cross located on Uchekest Harbor, left for the West Coast yesterday. Mr. Pearson has a number of men at work on the property.

Harry Boyd, of Winnipeg; C. H. Hewitt, and J. T. Doble, of Vancouver; and Dr. A. T. Proctor, of Kamloops, are among those staying at the Vernon hotel.

F. S. Bennett and bride, of Portland, Ore., are spending their honeymoon in this city. They are among the guests at the Victoria.

W. J. Brandith, a well known fruit grower and horticulturist, of Ladners, is among those staying at the Dominion hotel.

C. W. Wain, C. A. Fletcher and Geo. A. Dixon, are among the business men from Vancouver staying at the Victoria.

TO-DAY'S VOTE.

Strong Feeling in Favor of the Hotel By-Law—Considerable Enthusiasm.

Considerable enthusiasm is being manifested in the vote taken on the C. P. R. hotel by-law. At 2 o'clock this afternoon a big crowd gathered about the polling places in the market building. Up to that hour there had been a total of 1,300 votes recorded. Feeling was strongly in favor of the passage of the by-law. One who had been studying the situation stated that he did not believe that 100 people had voted against the by-law, and he predicted its passage by a large majority.

It is further predicted that the vote will reach the record of 2,500 taken some time ago on the Victoria Terminal railway. As the Times goes to press voting is very active. At 4 o'clock the polls will close.

Always Sick, Constantly Tired

NERVES ON EDGE, APPETITE POOR, SLEEP DISTURBED, YOU NEED

Ferrozone.

"The benefit I derived from Ferrozone, writes Mr. A. P. Whitehead from Moncton, 'is really marvellous. For two years I didn't have one day's freedom from nervous headache and pains in the back and side. I consulted doctors in Montreal, but wasn't helped. I used Ferrozone, and am glad to say my health is better to-day than for many years. I weigh ten pounds more, and look and feel stronger. Ferrozone is the best tonic I ever used.'"

Mrs. Duncan W. Dunham, of Portland, writes: "Last winter I was attacked by neuralgia and was run down in health. I used all sorts of medicines, but found Ferrozone the best. It brought back my appetite and has made me strong, so that I don't expect to be bothered with neuralgia or weak spells again."

The cures of Ferrozone are lasting, because it does its work thoroughly. It is a specific for all forms of skin diseases, kidney, liver and stomach trouble. It cures headache and languid feeling in a short time. Ferrozone contains more nourishment and vitalizing properties than you can get in any other way—in short, it assures health and costs but 50c. for three weeks' treatment, or six boxes for \$2.50. At druggists, or by mail from The Ferrozone Company, Kingston, Ont. Get a supply to-day.

"THEY SELL WELL," says Druggist O'Dell, of Truro, N. S. "Want any better evidence of the real merit of Dr. Von Stan's Pineapple Tablets as a cure for all forms of stomach trouble than that they're in such great demand? Not a nauseous dose that makes one's very insides rebel; but pleasant, quick and harmless—a tiny tablet to carry in your pocket—35 cents. Sold by Jackson & Co. and Hall & Co.—104."
